GarageWorks

Founded in 2004, GarageWorks offers commercial and residential garage door services in Nashville. It replaces and repairs all models and brands of doors, and it repairs, replaces, and installs hardware such as springs. Additionally, it provides evaluations and safety inspections. GarageWorks offers multiple choices, including overhead doors, colors, stains, options such as insulation, one- and two-car doors, and materials such as steel. It has experience with most models and makes of openers, such as LiftMaster, and a variety of remotes, including repairs and installations.
